For a visibly smarter PC experience, look for the 2nd generation Intel® Core™ processor family. These new processors feature improved adaptive performance that adds speed when you need it and built-in visual capabilities for a better PC experience you can see. We call that visibly smart performance. You'll call it Amazing!

Perfect for office applications, but outstanding for entertainment, this new desktop range delivers multi-tasking through the Intel® Hyper-Threading Technology and our Core i5 and i7 models automatically speeds up (overclocks) your PC when you need it with Intel's new Turbo Boost technology.

This model comes with Microsoft Windows 7 Home Premium pre-installed to reduce set up times.

This system features a 1 year return-to-base parts and labour warranty.
